Scheme Title: Pulham Market, Mill Lane S246F Footway Reconstruction
Type of Work: Footway Works
Road Closure: U76232/12 Mill Lane from its Junction with U76232/10 Colegate End Road to its junction with U76557/10 Springfield Walk.

Dear Sir/Madam

I am writing to let you know that I intend closing the above section of road adjacent to your property for the time stated below. The closure is essential to safely carry out necessary maintenance works to the highway.

Vehicular access to properties within the closure will be maintained at all times and special signs, indicating businesses remain open, will be erected where required. Emergency services and bus companies will also be made aware of the closure, so that arrangements can be made for their vehicles.

The works are proposed to the footway along the west side of Mill Lane, approximately from its junction with Colegate End Road to its junction with Springfield Walk. The Closure will be 24hr, from 01st April 2019 to 24rd April 2019. If these dates change I will inform you. These works are to improve the footways condition.

A diversion route will be in place at all times and will be clearly signed.

A public information notice will be posted two weeks prior to works commencing confirming the start dates for these works.

I accept that the closure may cause inconvenience to the public but I hope that you will understand the need for this work. If you do have any comments please let me know.

Yours Faithfully

Jonathan Reeve
Assistant Engineer
(Highway & Transport)
